

HEALTH INSURANCE POLICY:

The present Schengen regulation provides applicants to carry health insurance coverage before departing. This is necessary in case you have an accident during your stay in the Schengen Countries. **Please check carefully whether your medical insurance will pay directly the providers for emergency medical expenses, emergency hospital treatments and repatriation for medical reasons or death.** Generally all major US medical insurance companies reimburse the costs for emergency medical treatment abroad but they do not pay directly the providers. In case your insurance doesn't provide direct payments, you can ask your travel agent or you can check the Internet under: international medical insurance or international travel insurance. You may also contact your credit card company and request information on travel insurance coverage they may be offering. In order to prove you are covered you need to provide a letter from your insurance carrier confirming coverage in the Schengen countries (not only Italy) for the minimum amount provided by the law (Euro 30,000.00/\$50,000.00).

WE DO NOT ACCEPT INSURANCE CARDS OR INSURANCE BOOKLET INFORMATION.

This is a list of some insurances that comply with Schengen requirements:

- [IMG](#)
- [INSURE MY TRIP](#)
- [INTER PARTNER ASSISTANCE](#) (AXA)
- [SEVEN CORNERS INC.](#)
- [ACCESS AMERICA](#)
- [TRAVELGUARD](#)
- [MEDEX](#)
- HCC
- EUROPE ASSISTANCE

This is only an indicative list. Any medical insurance complying with the Schengen requirements will be accepted.
